

Muhammed Abdul Razak

Data Scientist | AI/ML Developer

muhammedar904@gmail.com | +91 9048631825 | [linkedin.com/in/muhammed](https://www.linkedin.com/in/muhammed) | Kannur, Kerala

PROFESSIONAL SUMMARY

Aspiring Data Scientist and AI Developer with practical experience in building intelligent, data-driven solutions across the full ML pipeline. Proficient in Python, SQL, and machine learning frameworks, with hands-on expertise in LLMs, RAG pipelines, vector databases, and prompt engineering. Developed production-ready AI applications including a document Q&A system, water potability prediction model, and Olympic data dashboard using Tableau. Skilled in data cleaning, EDA, statistical analysis, and automating reporting workflows. Adept at translating complex data into clear, actionable insights using Power BI and Tableau to support strategic decision-making.

WORK EXPERIENCE

Data Scientist Intern | Techolas Technologies, Calicut

Jun 2025 – Apr 2026

- Built and deployed machine learning models for predictive analysis using Scikit-learn, improving performance through feature engineering and hyperparameter tuning.
- Developed NLP pipelines for text classification and sentiment analysis using Python, extracting actionable insights from unstructured text data.
- Applied computer vision techniques using OpenCV for image classification and object detection tasks, preprocessing and augmenting datasets for model training.
- Conducted EDA and statistical analysis using Python (Pandas, NumPy) and SQL, improving data quality and analytical accuracy by 25–30%.

SKILLS

- Database & Programming :** MySQL, Python , R, Pandas, NumPy, FastAPI, React, ChromaDB.
- Machine Learning & AI:** RAG, LLM, Vector Databases, Prompt Engineering, Regression, Classification, Clustering, Model Evaluation, Feature Engineering, Hyperparameter Tuning, Scikit-learn, TensorFlow, OpenCV.
- Data Analysis Tools:** Excel (Pivot Tables, Power Query), Power BI (DAX, Data Modeling, Interactive Dashboards).
- Visualization:** Matplotlib, Seaborn, Power BI, Tableau
- Data Analysis & Statistics:** Data Cleaning & Preprocessing, EDA, KPI Analysis, Statistical Analysis, Descriptive Statistics, Hypothesis Testing, Correlation Analysis, Regression Analysis.
- Soft Skills:** Communication, Analytical Thinking, Problem Solving, Attention to Detail, Collaboration, Prioritization.

PROJECTS

AI Job Search Assistant | Python, FastAPI, React, Grok API, LLaMA | ([GitHub](#)) ([Live](#))

Jun 2026

- Built a full-stack AI web application using React and FastAPI that analyzes resumes against job descriptions, generating match scores, skill gap analysis, and ATS compatibility scores using Groq's LLaMA 3.3 70B model.
- Engineered prompt templates for consistent JSON outputs from an open-source LLM, deployed live on Vercel + Render.

Chat with PDF | Python, FastAPI, RAG, LLaMA 3.1 | ([GitHub](#)) ([Live](#))

Mar 2026

- Built a full-stack AI-powered document Q&A app using RAG (Retrieval-Augmented Generation) pipeline.
- Implemented PDF text extraction, chunking, and vector embeddings using HuggingFace API and ChromaDB.

Water Potability Prediction | Machine Learning | ([GitHub](#))

Nov 2025

- Built and optimized a machine learning model to predict water potability using classification algorithms
- Performed data preprocessing and evaluated model performance using accuracy, precision, recall, confusion matrix.

EDUCATION & CERTIFICATION

B.C.A, Jamia Hamdard, New Delhi

2022 – 2025

Certification: NACTET Certified Data Scientist, Calicut

Jun 2025 – Apr 2026
